
L^AT_EX Minicourse

This minicourse will get you started on the road to creating beautifully formatted articles, presentations, posters, and graphics. Come to one session or all!

Sessions are held on four consecutive **Tuesdays at 4-5pm in 108 Kemeny**.

I. Installation & Quick Start

April 7

Drop in any time during the hour for help with installing a T_EX system on your computer! Get set up with templates and tips to write your first L^AT_EX document.

II. L^AT_EX Crash Course

April 14

Develop the skills necessary to produce a professional-looking document containing graphics, equations, and a bibliography. Please bring your laptop with a working installation of L^AT_EX.

III. Workshop Your Résumé/CV

April 21

Applying for jobs? Dedicate this hour to polishing your résumé or CV! We will focus on both formatting in L^AT_EX and on content.

IV. Troubleshooting & Tips Sharing Roundtable

April 28

Do you need formatting help or advice on using different packages? Did you learn a useful trick? Join this roundtable discussion to share and learn some tips to get that formatting you want! Please bring at least one tip to share or question to ask.

Questions? Please email shirley.zhao@dartmouth.edu.
